Graduation Day

FROM THE PRINCIPAL'S DESK

Dear Readers,

Session 2017-2018 started off with immense enthusiasm and vigour among the students and teaching fraternity. I would like to share with you that the evaluation pattern as advised by the CBSE, has been changed for grades (6-10).

To groom our children as advised by the CBSE, a qualitative and quantitative improvement is required in academics. Parents and students may face a little bit of a problem with the amount of syllabus to be learnt

I am sure that they will be comfortable over a period of time realizing that we are preparing and grooming them for a better tomorrow.

Grade 12 result was quantitatively well satisfying wherein the students from both the Science and Commerce streams have

proved themselves. Some students have been selected to the Universities abroad for their graduation courses whereas many of them have got admissions in esteemed universities back in India. We are proud of them and look forward to their better future.

Grade10 result was quantitatively and qualitatively outstanding. My heartiest congratulations to the achievers.

Term 1 Exams for grades 6-12, as scheduled, was carried out in July. I am thankful to the parents in supporting the Dunes team for the smooth functioning of the school.

I'm also delighted to introduce Mr. Mujeeb Khan who has been recently promoted as Senior Master in the school. I'm confident that his vast experience and expertise in the field of education will immensely benefit the students and co faculties.

Wishing all the students and faculties a successful year ahead!!

Dharminder Manon
Principal (CBSE Section)

FROM THE PRINCIPAL'S DESK (IGCSE)

Dear Readers,

We are one of the leading schools in the Eastern Province, providing exceptional education from Early Years through to the IGCSE level, for children aged 3-16. We at Dunes International School, inspire and challenge our students to achieve personal excellence, pursue a passion for learning, be responsible global citizens and take the initiative to make a positive difference in the world. Our international curriculum, holistic education and excellent academic results prepare our students for further studies around the world and position DIS as a well-recognised and sought after international school in the region. Our growing, energetic and enthusiastic international community of students, teachers and parents all work together to provide a nurturing, holistic and inclusive learning environment. Our warmth of welcome enables students and families to quickly develop a strong sense of belonging to our school community where cultural diversity is embraced and celebrated.

We believe there is no limit to what our students can achieve so we encourage them to be ambitious, ignite their curiosity and inspire them to step out of their comfort zones, try something new and reach for their dreams. We train them to be relentlessly optimistic. Ambition can take them anywhere. It's transformational. It's what makes the extraordinary possible. But it's only the spark. It takes passion, determination and commitment to make it a reality. It takes creativity and innovation. It takes resilience and courage. It takes confidence.

Our outstanding teachers nurture these essential skills through personalised learning for each child. We create challenge in every lesson and every activity so that they continuously grow and learn. Our family empowers our students to achieve beyond what they may have thought possible, academically, socially and personally. Our global reach and reputation ensures that we attract the best teaching talent. We provide extensive professional development opportunities for our teachers to ensure our students benefit from contemporary educational thinking and practices.

Our School offers Cambridge IGCSE curriculum with a variety of routes for learners and a wide range of abilities in the students from all over the world. Cambridge International Examinations prepares school students for

lasting passion for learning. The international qualifications are recognized by the world's best universities and employers, giving students a wide range of options in their education and career. We aim at delivering high-quality educational programmes that can unlock learners' potential. For learners, Cambridge IGCSE helps improve performance by developing skills in creative thinking, enquiry and problem solving. It is the perfect springboard to advanced study.

In Early Years learning takes place principally through fun and learn. Kindergarten is more than a preparatory stage assisting the child's transition to primary school. They are able to think more and recognize the language and their fine motor skills are developed through play, art, dance music, movement and interacting with others. As work gradually becomes more structured in Primary School, lessons are planned with a view to make them interesting and engaging. As they move into Secondary School, children receive teaching by subject specialists and work towards their IGCSE. It is our firm ambition to ensure pupils who complete their education with us are exceptionally well prepared for the next stage of their education with the strength of character to match. A global vision is embedded throughout the entire curriculum and all subjects extend national borders and become global. The syllabus is international in outlook, but retains a local relevance.

Mohammed Aamir Khan
Principal (International Section)

A MESSAGE FROM THE DESK OF THE ACADEMIC COORDINATOR

"Learning gives creativity, creativity leads to thinking, thinking provides knowledge, knowledge makes you great."

— **Dr. A.P. J. Abdul Kalam**

Dear Parents and Friends,

Although we keep meeting each other through various channels but this newsletter is providing opportunity to address you all within the undeviating period of time.

Our school keeps itself abreast with the paradigm shift in the realm of education. With their feet firmly rooted in values and traditions, the pupils stretch out their wings to soar to the dominions of the fast changing world, with their heads and hearts in the right place. The objective of Dunes International School is to nurture individuals who are able to do "extraordinary things in the most ordinary situations".

Just now we bid farewell to the Academic Year 2016-17 and now here we are preparing to welcome The Academic Year 2017-18.

We would like to share with you that within this year we have seen many outstanding achievements in different nooks and corners in both academic and non-academic activities, but we know that there is a way to go, and yes, without your cooperation we could not have achieved this success. Thank you for being with us. Your understanding, patience and encouragement have been a guiding force rather a fuel for our faculty in their strife for achieving academic goals.

Teaching involves meticulous planning, organization and execution for the smooth functioning of teaching learning process to achieve the desired results for all age groups at school.

They say each child has made a leap from the crib to the classroom. While it takes time for each child to adjust in this transition period, the role of the teacher is multifold. Here is where we contribute to reshape curriculum, making it acceptable and meaningful. Today's student comes with some learning experience and is all set for new learning.

Therefore, we plan and provide a learning environment and offer experiences that promote physical, social, intellectual and emotional development. If set goals are created, then children find it comfortable in meeting their goals.

Communication with the parent community, accepting the parents' inputs and trying out newer ideas are interesting challenges that are met with.

Academic excellence with character and personality development is our ultimate goal.

May we continue to give our students strong roots like the Banyan Tree and stronger wings as an eagle to conquer the world!!

We seek Almighty's help to scale greater heights in academic excellence and caring the future of the present.

Shahela N. Junaidi

Academic Coordinator
IGCSE Section

GUEST LECTURE ON EFFECTS OF ELECTROMAGNETIC RADIATION

A guest lecture by **Dr. Mohsina Bano** from the Science Dept. of Dammam University was an eye opener for our students.

The highlights of her presentation were mainly on the usage and ill effects of electronic gadgets, the main source of electromagnetic radiation. She explained how we are exposed to this harmful radiation in our daily life and gave a strong reason why we all, especially the children at this tender age should make the minimal use of these gadgets.

A MESSAGE FROM THE HEADMISTRESS

Dear Parents and Friends,

Welcome to the first edition of the DUNES Newsletter for the academic year 2017-18.

At School, students learn, achieve and acquire the skills and values which will prepare them for college and

later the adult life. This newsletter offers a record of the activities carried out during the first quarter of this academic year.

The academic year 2017-2018 began with a bang as we learnt about the changes in the CBSE pattern of evaluation. Things settled down in a matter of a week with books distributed and academics in progress, CCA too followed the scheduled plans. Orientation for parents was carried out with zest and serious academics progressed. We have many outstanding academic achievements to report. The 6th – 8th graders made us proud by holding the overall toppers' position of the Eastern Province in the Shastra Pratibha Contest held last academic year 2016-17.

External exams as well as regular exams kept students busy, motivated and well prepared. Performance in the board examination by the 10th and 12th Graders was commendable. The board results kept our enthusiasm high and gave the students the much-needed motivation for bracing up with better performance for the future.

There is so much more to DUNES School than

excellent examination results and outstanding classroom practice. Our generosity and concern for others was reflected in charitable and community works. Our potential for creativity in art and literature was showcased in all its variety this term.

2017-18 is a very special year for sports in the school as our Basketball Team played in the Schools' Cup final and secured the Runner's up position. They also won the Badminton tournament under 19 and brought us great pride. Sporting life goes strength to strength, thanks to individuals, teams and all those who teach, train and coach our young and ambitious children. We express our heartfelt appreciation.

This quarter saw some very productive and interactive PTMs, Health Checkups, Workshops and Investiture Ceremony. The students were enthralled through stage activities of the youngsters for the Talent hunt. Exams and assessments followed through simultaneously. Students enjoyed art and craft activities and a few prizes were also won.

We owe our gratitude to our parents who are always energetic in their support to the school. We look forward to your usual cooperation encouragement which will provide us the impetus to surge forward and achieve greater heights.

Mrs. Sumiya Tasneem

Head mistress (Girls Section- CBSE)

FROM THE EXAMINATION DEPARTMENT

Dear Parents,

At the outset, we would like to welcome you for the new academic year 2017-18. Hope you are cognizant of the latest decision of CBSE to replace the continuous and comprehensive evaluation (CCE) scheme by uniform system of assessment and examination for grades (VI-IX) and restoration of board examination for grade X from the academic year 2017-18.

In the remodeled assessment structure, the final examination for grade X will be conducted by the board for 80 marks in each subject covering 100% syllabus at the end of the academic year. In order to enhance subject specific learning and understanding, the students will be internally assessed for 20 marks by the school which will include periodic tests, assignment completion and subject enrichment activities.

We have adapted the same pattern for grades VI-IX. Initially the students will take little time to get adjusted to the new pattern wherein, the whole academic year syllabus will be evaluated in the final examination. With the consistent efforts and perseverance from the

teaching staff and your incessant support we will be able to guide our students in the continuous and effective learning process. The gradually increasing portion of contents would prepare the students mentally and physically to face the secondary and senior secondary board examination with confidence and thus ensure that the quality of education is enhanced.

Looking forward for your usual cooperation.

Rachna Rastogi

Examination in Charge

A MESSAGE FROM THE KINDERGARTEN HEADMISTRESS

Dear Readers,

Welcome to the New Academic Year 2017 - 2018! The "first day of school" marks one of the most important milestones in your child's life and we understand that your child and you may have welcomed this day with excitement.

DUNES Kindergarten - Ahhh... the first day of Kindergarten! It was such an exciting day! An exhausting day! The school arranged a MINION to greet all students at the door with a smile and a hug that got the Tiny Tots warmed up and ready for learning.

Kindergarten has been off to a wonderful start. The Minion, chocolates & balloons made the first day of school a memorable day for our Tiny Tots..... The students have now settled into classroom routines and are learning to become more independent.

On behalf of the Kindergarten teachers and myself, we welcome you all and want you to know that we will do everything we can, to make your child's Kindergarten year the best school year, an enjoyable journey and also a time filled with real learning.

On 15th April 2017, parents were invited to attend an orientation session in the school Auditorium. During this session Mr. Dharminder Manon, Principal (CBSE) and Ms. Shameem Saleem, Headmistress Kindergarten, briefed the parents through Power Point Presentation about each aspect of Kindergarten and what they can expect throughout the year. They shared specific information about arrival and dispersal, snack time, classroom schedules, transportation and special activities. The parents later met with the HRT for an overview of their ward's progress.

Kindergarteners have grown a lot since their Preschool days. They've grown bigger and are becoming more graceful and coordinated. They have grown intellectually and can focus on tasks for longer periods of time. They have grown socially, have a better handling on the skills needed to make friends and work in a group.

For children entering Kindergarten at DUNES, the year will be an exciting action-packed year. We work on developing skills that help students become active learners. The children will learn to read, to problem-solve, as well as investigate the world of Science. The Kindergarten classroom provides enriching opportunities and activities which allows each child to reach his potential. Colouring and Recycling Competitions were conducted for the L KG

Children are not things to be moulded but people to be unfolded....

and U KG students. PTM was conducted on 20th May 2017 and parents interacted with the teacher concerned to follow up with the progress of their ward. On 24th May, Welcome Ramadan was celebrated with the KG corridors beautifully decorated throughout with colourful lights. Students brought delicacies to share with their friends. The entire Kindergarten section had a festive look.

We believe that teachers and parents should work together to provide challenging and engaging learning experiences. This partnership will build children's confidence and encourage them to see learning as both enjoyable and useful and it will provide a strong foundation for their future intellectual, physical and social development. It is important for a parent to remember that all children develop on their own time line.

We are here for the children we serve. We value each child. We endeavour to provide a safe, supportive, and caring learning environment. All round development of the child is our prime focus where we are committed to provide effective learning through high-quality instruction.

I know if we all work together, we can make this a fantastic year for our students and help them reach each goal that is set for them.

Thank you for your time and effort ensuring the success of your child! We appreciate your continued support and look forward to growing as one in DUNES International School.

Ms. Shameem Saleem

Headmistress, Kindergarten
DUNES International School

RAMADAN KAREEM- 2017

Ramadan is a blessed month that not only increases a Muslim's spiritual awareness, fortifies the worshipper's connection with Allah, reminds us of our duties towards the needy in the community but also evokes us of our own need for an increase in faith, asking God for mercy and forgiveness.

A special assembly was conducted on 26th May by the students of **8B**

It was an apt topic as the holy month of Ramadan was starting the next day. The assembly focused on Essential dos

and don'ts for Muslims fasting in Ramadan. The students presented an **interesting skit** depicting the noble virtues of this holy month. An **appealing video** revived the spirits and enlightened all with the beauty of this precious month.

Small savoury gift packets were given to the students and teachers on Ramadan. The students and teachers felt happy and looked forward to starting the holy month of Ramadan on a blessed

RAMADAN PARTY

Ramadan is the ninth month of the Islamic calendar and is observed by Muslims worldwide as a month of fasting to commemorate the first revelation of the Quran to Prophet Mohammed (PBUH). On the onset of Ramadan, the Saudi staff of Dunes International School organized a party welcoming Ramadan.

They even involved all the students and teachers in the party and highlighted the importance of Ramadan. The event was organized and executed under the guidance of our Saudi Principal Mrs. Lamia Sagar.

To enlighten the students with more knowledge about Ramadan, Mrs. Ruksana Rashid and Mrs. Shamim were invited from the Dawah Centre. The children had a gala time enjoying the sweets given at the end of the party.

LABOUR DAY

Labour Day also known as International Workers' Day, is a celebration of labourers and the working classes that is promoted by the international labour movement. A special assembly was conducted by the students of 8 D to commemorate this important day.

An informative and motivating speech on how the Labour Day started and who the labours are and what the rights and duties of a labour are was given by the CCA Coordinator, Mrs. Vasanta Gadoo.

Students understood the importance of Labours Day and their contribution in making the working environment congenial and satisfying for others. A Quiz was conducted by the students and later the labourers were honoured for their selfless and vital service to the organization.

FOOD FEST

With Education being more technology based, the role of values in Education gets less attention whereas it has always been a cornerstone of a student's education.

To instill the value of being benevolent, giving and sharing, Dunes International School conducted Food fest on May 10th, where students of Grade 6-12 participated enthusiastically for collection of money through entertaining games and delicious food to contribute for school nannies as a token of love and appreciation.

Students had a healthy competition house wise where **Sahara House** collected the maximum amount and won the competition.

ORIENTATION PROGRAMME- GRADE 11 STUDENTS

An Orientation Programme was conducted for the new batch of Grade 11 Students in the boys' computer lab on July 10th from 9.30-a.m to 11.30 am. Parents and students actively participated in the Programme. Our Principal Mr. Dharminder Manon commenced the programme on a positive note highlighting the achievers of grade 10 and 12 students of the academic year (2016-17) and also talked about the efforts put in by the students, teachers and parents which enabled them to achieve such good results.

The Orientation Programme drew attention to the need for meticulous and systematic study pattern by the grade 11 students. The Principal oriented the students and parents about the syllabus and advised the parents to motivate their wards and channelize them in the right direction. He advised the students to use Electronic Gadgets wisely and also restrict themselves from social media websites so that the students can concentrate on their studies better. They understood the importance of smart study and felt confident and also realized the need for hardwork in order to achieve the best results.

SPORTS

Sports form an important aspect of modern education that paves the way for the physical and mental development of the students. Our school also provides a healthy platform for our children to showcase their hidden talents in the field of sports and games. We, at Dunes, train them for games like Badminton, Table Tennis, Basketball, Football, swimming etc. There is a proper schedule of such sports activities to be carried out throughout the session.

With the same enthusiasm of competitive sportsmanship, the school also participated in the Inter-School Basketball Zonal Under-19 category on 17th May in IIS Dammam (Boys section). Dunes International School also got the opportunity to host the Inter-School Basketball Zonal Under-19 category meant for Girls on 8th May, 2017. We bagged third position in both the sections (Boys and Girls). Our talented boys also participated in the Inter-House Football Zonal Under-19 category on 11th May, 2017 at Al Muna International School, Dammam. The continuous and focused training by our dedicated team of sports teachers is reflected in the excellent performance by our students time and again. We appreciate their collaborative efforts to bring laurels for the institution and would support them for better results in future as well.

The academic session for this year started from 3rd April, 2017 and the Inter-House Table Tennis competition under 14, 17 & 19 categories was organized for girls on 12th April and for boys on 20th April respectively. It was followed by Inter-House Badminton competition under the same categories for both Girls and Boys section on 19th and 27th April respectively. In order to develop a better competitive spirit in the field of sports, the school also participated in the Inter-School Zonal competitions. It is a matter of pride for Dunes that from both Boys and Girls section, we secured 3rd place in all the three categories mentioned above in the Inter-School Table Tennis Zonal. It was held on 7th May for Boys and on 8th May for Girls in Sunshine International School at Rakah, Al-Khobar.

INVESTITURE CEREMONY 2017-18

Everyone can rise above their circumstances and achieve success if they are dedicated to and passionate about what they do. – Mother Teresa

That is what made out talented set of students different from the rest of the crowd and they made it to the school cabinet this year.

Hosted by the CCA Coordinator Mrs. Vasanta Gadoo, Dunes International School held the 7th Investiture Ceremony for this academic year on 10th May, 2017. The event began with the welcome of the Chief Guests Dr. Syed Hamid, Principal IISJ and Mrs. Sadia Siddiqui, Vice Principal Girls Section IISJ. The function proceeded with the recitation of verses from the holy Quran and its translation. The school principal Mr. Dharminder Manon and the headmistress Mrs. Sumiya Tasneem gave inspirational speeches that highly impressed the audience and inspired them to be the better human beings and give their best in whatever they do.

The newly appointed council members of DIS marched gracefully to the stage with their heads held high. They were adorned with sashes and badges and they felt much honoured to receive the school /House flags from the esteemed guest (s). For boys' section, the oath was administered by the School Principal Mr. Dharminder Manon and the Headmistress Mrs. Sumiya Tasneem did the same for the girls' section.

Dr. Syed Hamid and Mrs. Sadia Siddiqui in their respective speeches emphasized on the importance of commitment and responsibility to be shouldered by the leaders and to be the guiding force to others as well.

The School Head Boy Master Mohd. Ashraf and the School Head Girl Ms. Fatima Zohra Kaleem delivered their promising and confident speeches. Their enthusiasm and dedication to make some positive changes for a better tomorrow was quite evident. Each one present there felt more motivated and inspired. The event was concluded successfully with the photography session and the national anthem.

QIRAT COMPETITION

The Quran is the guide book for all mankind and adherence to it will result in success in everyone's life. The school conducted an interclass Qirat Competition and this year it was conducted on 3rd May, 2017 during CCA periods. A selection round was held a week before the final competition and majority of the Muslim students participated in it. The students were selected on the basis of Tajweed and Adaa of the selected suraahs from the Holy Quran. The competition was judged by a Saudi teacher Ms. Amirah and finally one student from each grade was declared a winner. A special care was taken that the students follow a strict dress code while reciting the verses from the Holy Quran.

HEAD LICE AWARENESS

Personal hygiene is one of the important aspects of education. Education is incomplete without personal body hygiene and proper health care. Head lice awareness also comes under personal hygiene and a step towards better personality development. Dunes International School arranged a 'Head Lice Awareness' program wherein the experts from Ego Pharm Malaysia company agreed to share the knowledge and tips for maintaining hygiene. This programme was specially held for the girls section of the school. They were guided to take the required precaution and preventive measures. At the end of the programme, the girls were given shampoo sachets and some stickers to create awareness further. Dunes takes pride in inculcating the healthy habits of personal hygiene and proper health care.

DENTAL CHECK UP AND AWARENESS CAMP

Oral health is very important, however it is often overlooked. Most of the people ignore the health and development of their mouth and teeth and take it for granted, so it becomes imperative for school to take action and implement a Dental Health awareness camp. Dunes International School held a Dental check up and awareness camp in the month of May.

The summary of the camp is as follows:

- 1) Name of Venue: Boys Infirmary and Girls Infirmary
- 2) Date: 15th, 16th, 17th and 18th May
- 3) Staff: Dr Farheen Shaikh from Solaiman Poly clinic along with her team.

K-LEARN

K-Learn is a simple and concisely encapsulated application focused on automation of the communication flow between the school, teachers and parents. It bridges the school management, teachers, parents and students under one platform enabling transparency in the entire system concerning a child's activity at school as well as at home. Enhanced child safety measure is also ensured through bus tracking using mobile phone.

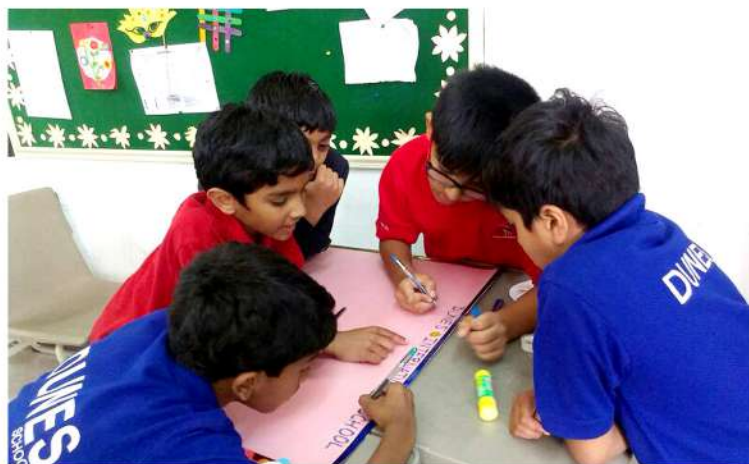

We are happy to welcome a team of trainers from K-Learn who educated our teachers from all the grades about the unique features and functioning of this amazing application. In the due course of time, we are intending to use the same for making the system and work process more transparent and tech friendly for all the stake holders viz students, teachers, parents, management etc.

EDUPAGE

Streamlining the convenient information flow across the school authority, academia and parents, we have devised a portal to automate the process that required hours of manual work. A part of this initiative is our Edupage that automates scheduling, timetables, homework, Co-curricular activities and even facilitates chat. At the moment, we are mainly using it for scheduling our daily Time tables.

CLASSROOM DECO REPORT

Decorations do play a vital role in the purposeful engagement of the students. Decorated Classroom environment helps the child feel energetic, cheerful, innovative and valued. As a result, self-esteem increases and students are motivated to engage themselves in the learning process. The bare walls lead students to lose interest and cause alterations in their desire to learn. In the beginning of the new academic session, a very innovative CCA activity/ competition was held on 5th April, 2017 wherein students were advised to decorate their classroom walls and soft boards with subject related charts to boost up their creativity. Students decorated the class room walls with bright and inviting colours. They displayed posters and charts related to what they were learning during that time which was both engaging and educational. The students expressed ownership and pride at their art-work being included in the classroom decor, inspiring thoughts and drawings which enhanced the beauty of the class room. Teachers also helped the students to decorate and organize the classrooms to enhance calm learning environment. The Judges of the competition like CCA Coordinator, Art teachers, Class Coordinators and the headmistress commented that each class room deco was unique and highlighted the students' active involvement and commitment.

PENCIL SKETCH COMPETITION REPORT

"Every child is an artist"- Pablo Picasso.

Keeping this in mind and to explore the creative potentials in the young minds of our students, an interclass pencil sketch competition was conducted on 13th April, 2017 at Dunes International School. The children showcased their creative skills in sketching and came up with amazing art work. Each of these drawings were done so beautifully and diligently by the students and it was a royal treat to the eyes. Selecting the students was a tough task for the judges. The art teacher Ms. Pritam Kambli judged the competition and announced the final result. The criteria for judgment were neatness, creativity, overall effect and accuracy in sketching. Students once again proved that they not only excel in academics but also shine in exhibiting their creative skills. The enthusiastic participation by the students was quite evident by the appreciation and reaction of all those who had a chance to view the creative work displayed on the boards in the School Auditorium.

GRADE X AND XII- RESULT AT A GLANCE

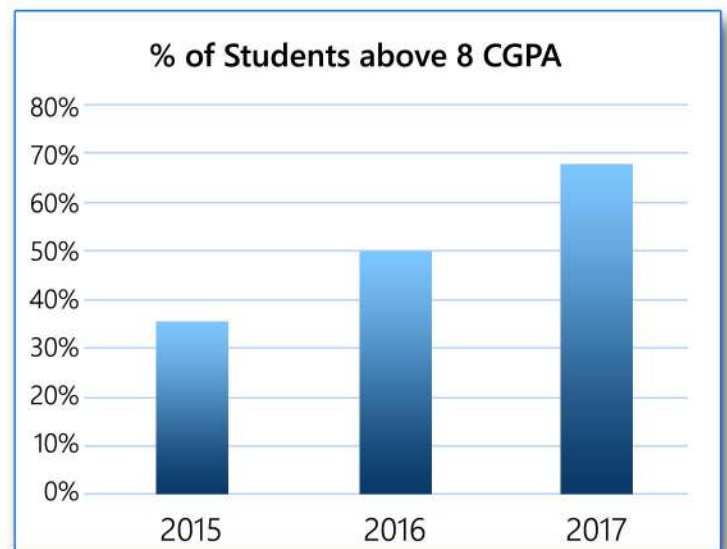

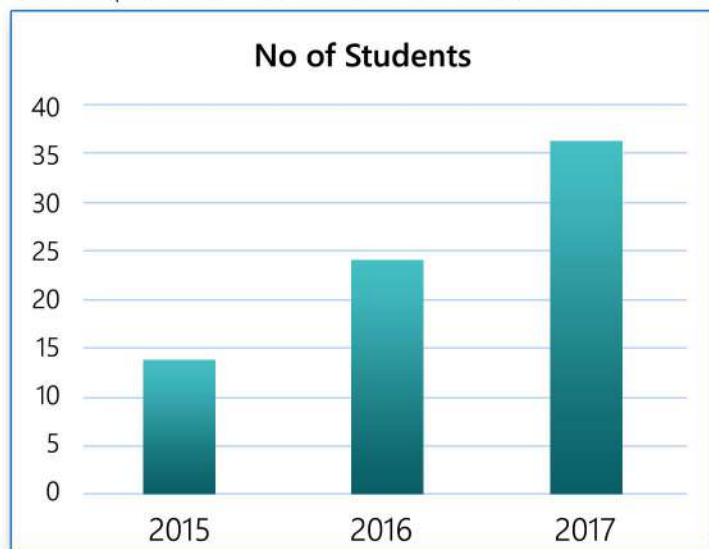

It would not be wrong to say that Dunes International School Al-Khobar has now emerged as one of the leading institutions in the Eastern Province in KSA. It also boasts of having a good number of admissions in a short span of time and has also maintained Quality Education throughout. If one wants to review the profile of the school's overall progress and development as reflected in the graph, one can't help appreciating and admiring the systematic and well-coordinated environment among teachers and students at Dunes International School. It's with pride that the school shares this news that it has successfully completed six years, leaving no stone unturned to carve a niche for itself. The school has always endeavoured to refine the students' not only in curricular but also in co-curricular activities as well.

Let's have a nutshell view of the outstanding result of Grade X for the academic year 2016-2017. In total, 36 students appeared for the board exam and we feel proud to mention primarily those four shining stars who got 10 CGPA: Yashendu Pares Pandey, Mohammed Adil, Susmita Samal, and Aniruddah Atul Nayak.

In the Academic Session 2016-2017, Grade XII was the first CBSE batch of DIS which appeared for the external board exam for both the Science and Commerce Streams. It was obviously a challenging task which we accomplished with the collaborative effort of students, teachers, and above all the unconditional support of the parents and school management. Consequently, our students have succeeded in writing a new chapter in the book of Dunes International School showing an excellent result under the guidance of our experienced teachers and above all with the consistent guidance and counselling of our honourable Principal Mr.Dharminder Manon. Abhilekh Dixit, Alexander Shaji, Ibadulla Khan, Fahad Shahid Khan, Kasturi Banerjee and Maryam Habib Syeda secured the highest marks in English, Physics, Chemistry, Biology, Mathematics and Computer Science respectively. Girish Madhu remained the topper in Physical Education (PE).

In the Commerce stream, Ian Vinson Abraham obtained highest marks in English and Rashaf Abdul Razack was the topper in Economics and Physical Education. J. Pradeep Kumar Varma secured the highest marks in Business Studies.

We all are dedicated, devoted, determined and resolute enough to elevate the standard of education and further intend to play a leading role to become a paragon among all institutions of the kingdom of Saudi Arabia. May God help us fulfill our dreams and intentions.

Total

Year	Students	% Above 8 CGPA
2015	14	36%
2016	24	50%
2017	36	68%
